Subject: Replacement Memos for HW33a and HW33b - Dimock

Hi, Kelley. Earlier today, I sent an attachment for HW33, 33a, 33b. However, after talking to you, I realize that HW33a and HW33b samples came from different homes and your preference is to provide separate memos to the residents. So, please replace the original memo (HW33, 33a, 33b) with the two new attachments (HW33 & 33a, HW33 & 33b). Any questions, please let me know. Thanks.

Dawn
